

CZUR Mirror

The true smart AI posture corrector

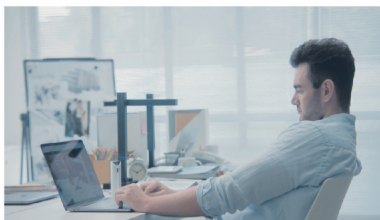

Designed to help you form a good sitting habit.

Working in front of a desk all day, have you ever felt

Most of these problems are caused by poor sitting postures

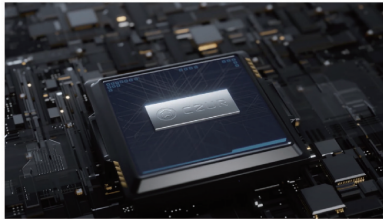

CZUR Mirror posture corrector is what you need to overcome these poor sitting postures - alleviate the pains caused

★ Sitting Posture Reminder & Sedentary Reminder

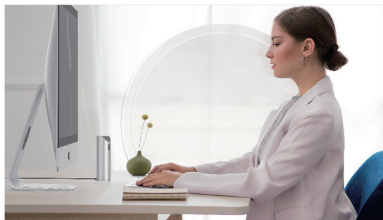

- Voice notification 
- Light indicator if in a quiet environment 

★ AI Chip

- **AI Chip**
AI technology allows CZUR Mirror to learn and analyse your sitting posture habits, form a smart system to remind you to sit up straight or raise your head, without having to interrupt you from your work.

★ Easy to use

- **Smart Mode**
Connect & Use. CZUR Mirror will record your sitting posture automatically and initiate a reminding schedule based on AI technology.

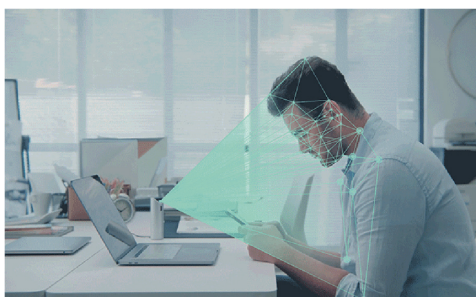

- **Custom Mode**
If your work requires special sitting postures (not only up right position), e.g. when playing a piano or drawing, you can use the custom mode to set different reminding criteria.

★ Report & Analysis

• Smart & Custom Mode
• Voice & Indicator Notification
• Set Reminder
• Generate Reports

- **Report & Analysis**
Allows you to see the progress of forming a good sitting habit.

Mirror Spec.

Basic

Brand:	CZUR	Product Name:	Mirror
Product Description:	AI Posture Corrector		

Camera

Sensor Type:	CMOS	Pixel:	2 Mega Pixel
Aperture:	F 2.4	Angle:	80°

Laser Indicator

Laser Power:	1.8mW ~ 5mW	Wavelength:	635nm (min:625nm~max:645nm)
Light Pattern:	Starry	Laser Class:	Class 1

Parameter

CPU:	Qua-core 1.2Hz	DDR3L:	4Gbit
Nand Flash:	2Gbit	Voice Prompt:	0.8W、90db
Volume Adjustment:	Support	Mute:	Support
Sitting Posture Reminder:	Support	Sedentary Reminder :	Support
Reminder Mode:	Smart, Custom	Bluetooth:	Support
APP:	CZUR APP	Power Supply Type:	USB

Power Adaprer (Optional): DC Input 100-240V, 50/60Hz; DC Output 5V/1A

Packaging

Product Dimension:	133*42 MM	Product Weight:	180g (net)
Package Content:	Mirror unit, USB cable, Quick Guide, Power Adapter (optional)
